Subject: FEI Rankings – single horse division

Dear Aude,

On behalf of the single horse drivers we wish to address a concern regarding the current FEI rankings in the single horse division.

We are aware that the rules have been clarified (FEI Driving World ranking rules, effective 1 January 2023) this year to explicitly exclude (again) results earned at the FEI Driving Championships for Young Horses (which prior to 2022 had never been considered).

Unfortunately the points unduly earned in the 2022 season at the FEI Driving Championships for Young Horses have to date not been retroactively corrected, resulting in an inaccurate representation in the current rankings.

We would kindly ask the FEI to amend this as soon as possible so that the drivers who have rightfully earned their places in the rankings receive the recognition they deserve.

We thank you for your time and attention to this,

Sincerely,

ICDA, on behalf of the single horse drivers
