Important updates for ICDA members

Dear {{ contact.FIRSTNAME }}, three important updates are shaping the next chapter of our ICDA community. From membership renewal to new representation, this is a good moment to stay connected and informed.

NEW VOICE RISING

Mathilde Pluim joins the Horse Condition Task Force

Driving gets to be represented in the Horse Condition Task Force which is looking at how to harmonise the regulatory framework on the blood rules across the equestrian disciplines. As an MOU stakeholder, ICDA has nominated Mathilde Pluim, vet to the German Driving Team, who is very well placed to discuss how the current rules are working and the implications of any further changes.
